

The lively audio narrator and talented actor **Stig Weymss** will be presenting some fabulous free shows at various Rockhampton Regional Libraries on Monday 10 December 2018.

Stig is a well-known narrator for the Bolinda e-audiobooks with his distinctively fast-paced and slightly eccentric style – which has huge kid appeal for ages 6 to 12 years.

To finish off the school year, Stig will be presenting an hour of laughs and high energy entertainment at the library. Schools, home-school groups or families are invited to book to bring classes or children to the library to enjoy the Stig Show. This is a great opportunity to promote the public library to your students and families as well as the Summer Reading Club which will kick off in mid-December. Please contact the Library Administration office on phone 4936 8043 to reserve your seat:
