WEEK 3

Year 9, 10 + 11 Assessment

Year 9 and Year 10 students have an exam block scheduled later this term.

Year 9 students will remain on campus throughout their exam block, with supervised study sessions occurring between their exams. Further information, including the schedule, procedures and expectations can be viewed [here](#). Other assessment due prior to the exam block can be found [here](#).

For the Year 10 exam block, students are only required to attend school when they have an exam. Supervision will be available, however, if students need to remain on campus. The schedule and procedures can be viewed [here](#).

Year 11 students have commenced Unit 3. For students on a university/tertiary pathway, assessment results can now contribute toward their ATAR. The first internal instrument (IA1) for some subjects will be completed at the end of the term. See attached for the schedule, which includes a short exam block at the end of Week 8 ([Unit 3 assessment schedule](#)). For students on a work/employment pathway, it is important for them to continue to work hard to submit their assessment in on time and at a sound standard or better to accrue QCE points.

Should a student be absent from an exam, a medical certificate must be supplied, and supplementary arrangements will be made.
